In the event that my insurance and/or third-party payer(s) deny a claim based on the above, I understand I will be billed by Changing Lanes Intervention Human Services and I agree to pay for the full amount of therapy time/ services and any outstanding balance on the client's account.

Payment Policy Agreement

I, [Click or tap here to enter text.](#), agree to pay Changing Lanes Intervention Human Services for all services provided or missed/ canceled without 24 hours prior notice and agree to abide by the following guidelines:

Therapy sessions- out of pocket pay

You will receive an expense invoice on a biweekly or monthly basis for services provided to the client by Changing Lanes Intervention Human Services. This invoice will include client responsibility such as deductible, copays, co-insurance and other out of pocket expenses until your annual out of pocket maximum is met. Credit cards or checks will be accepted for all payments due on the date indicated on the invoice. In certain situations, we can work out a payment plan at the discretion of the Changing Lanes Intervention Human Services guidelines..

Understanding the Importance of Cancellations and Missed Appointments

At Changing Lanes Intervention Human Services, we try our best to accommodate our clients and families we service. We set up excellent administration systems that can make the services we provide run smoothly. One big challenge of running a smooth therapy program is when scheduled therapy sessions are canceled. When a therapist cancels within 24 hours of session (unless an emergency) or, multiple times even more than 24 hours before sessions, it is unacceptable and is dealt with by the corporate office under strict terms. When a client cancels the therapy session, it offsets our schedule and may result in the therapist discretion to stop services after 3 missed appointments/ cancellations without 24 hour notice. So, upon these guidelines, we may send you an invoice for missed or canceled sessions, which must be paid in full before you are able to schedule another appointment.

Canceled Therapy Sessions

I do hereby seek and consent to take part in the treatment provided by Changing Lanes Intervention Human Service LLC. If I am attending group services I also understand and consent that confidentiality still applies and that Changing Lanes Intervention Human Services, LLC is not liable for group members breaking confidentiality. I understand that developing a treatment plan with this provider and regularly reviewing our work toward the treatment goals are in my best interest. I agree to play an active role in this process.

I understand that no promises have been made to me as to the results of treatment or of any procedures provided by the assigned provider. I am aware that I may stop treatment with the provider at any time. I understand that I may lose other services or may have to deal with other problems if I stop treatment. (For example, if my treatment has been court-ordered, I will have to answer to the court.)

If there is an *occasional issue* such as a doctor's appointment, emergency or family occasion and you need to cancel a therapy session, you must provide 24 hours' notice to the therapist and your primary contact at Changing Lanes Intervention Human Services office or you may be billed for the full session as this is not billable to insurance. If there is 24 hours' notice, we will try our best to accommodate you. These accommodations must be made through and approved by the office of Changing Lanes Intervention Human Services Lead staff department.

In the event of an *unexpected illness or emergency* in which 24 hours' notice cannot be provided, you are required to provide at least **2 hours' notice** prior to the start of a scheduled appointment in order to prevent being billed for the full session which is not covered by insurance.

If There is *No Notice of Late Arrival to Session* When a client arrives late to a scheduled appointment, he/she may be billed the rate of the full appointment even if it will not be covered by applicable insurance coverage. The therapist will wait **10 minutes** from the initial appointment time, if the client is not there by then, the therapist is permitted to leave and/or move on to the next client. The client will be considered absent/No Show and the session will not be rescheduled. You may be billed for the full session and this is not billable to insurance.

Repeated failures to attend scheduled sessions or frequently arriving late to scheduled sessions may result in termination of services.

I have read, understand and agree to the above guidelines of the payment policy

Parent/Guardian Guidelines

Your cooperation on the following is greatly appreciated to assist us in working successfully with the client

- 1) Parents/guardians and therapist should be respectful and courteous to each other. Open communication between parents/guardians and therapists is essential to the establishment of a successful program for the client. All communication must be done in a courteous and respectful manner. If there are any problems or concerns, please contact Changing Lanes Intervention Human Services Lead staff department. immediately (770) 580-4116.
- 2) The client should be dressed and fed prior to the therapist's arrival unless these skills are being addressed in the program.
- 3) A parent/guardian or responsible adult must be in the home when therapy is being provided.
- 4) Parent training is expected as active parent participation is required for best possible treatment.
- 5) The area being used for therapy must be a comfortable temperature and well lit.
- 6) The area where therapy is provided must be safe and secure for both the client and the staff. If the staff member feels that the environment does not adhere to safety and security regulations, he/she will immediately leave and inform the corporate office within one working day.
- 7) The materials and reinforcers used for therapy should not be used outside of therapy time.
- 8) The therapist is NOT allowed to take a client in their automobile.
- 9) Sickness: Please notify the therapist, as much in advance as possible, at least the night before the scheduled session if you know that the client will not be able to participate in the program the next day. Sickness includes, but not limited to the following:
Temperature above 100, mumps, pinworms, communicable disease, chicken pox, strep throat, foot/mouth disease, measles, lice, vomiting, diarrhea, rash, pink eye, monkey pox, Covid.
Parents/guardians are asked to use the same guidelines used in a school - if a client is too sick to attend school, he or she is too sick to participate in his/ her therapy session. Therapy will resume as soon as the client's doctor clears him/ her of being contagious or the remedy is completed. If a therapist arrives at the home and the client is sick, the therapist will not be able to work on the client. It will be counted as an unexcused cancelation and you may be billed for the session and this is not billable to insurance.

10) The parents/guardians cannot change therapy hours with therapists. You must contact the scheduling department for a schedule change request. Please keep in mind you may have services put on hold until a therapist can be assigned and your current therapist and/ or supervisor may not be your clinical staff once the requested time changes.

11) The therapist will call the family if they are going to be arriving more than 5 minutes late. If the therapist does not call, the parents/guardians should report it to the corporate office.

12) If a therapist cancels a session, the parents/guardians should report it to the Changing Lanes Intervention Human Services office. These hours may be made up as soon as possible and the family will be informed as to when this is going to occur.

13) In the case of snow or inclement weather: Please listen to the radio for announcements of school closing for the district in which you reside. If the district schools are closed it is an indication that driving in that area presents danger and the therapist should not report to work that day. Since schools in the district are closed on inclement weather days, the time missed on those days can be made up at the discretion of the therapist and the family.

14) In case of an accident or unusual incident, the therapist and the family should inform the corporate office within 1 working day (24hours).

15) Parents/guardians are encouraged to share any information about the client in a professional manner with the therapist, that may be helpful for the therapist to work successfully with the client.

16) The telephone numbers of all therapists should be available. Responses should be within 24-48 hours and parents/guardians must confirm with their therapist available times to reach them.

I Understand and agree to the Parent/Guardian guidelines:
